ABSINTHE SERVICE

Absinthe is a potent and aromatic spirit commonly characterized by its liquorice flavour, derived from botanicals and herbs like anise and fennel.

The traditional method for enjoying absinthe involves a few specific steps, often referred to as the "absinthe ritual."

The absinthe ritual begins by placing a sugar cube on a slotted spoon over a glass containing absinthe. Ice-cold water is then slowly dripped over the sugar cube, causing a louche to develop—the absinthe turns cloudy as a result of essential oils being released from the herbs in absinthe. Once the desired dilution is achieved, you can sip on your absinthe and enjoy.

TAKE OUT COCKTAILS

All of our take out cocktails have been pre-diluted (so they taste like they do when you order them here!). Put them in the fridge to chill; pour and enjoy!

COFFEE & CIGARETTES [30, 6oz]

Whisky, Amaro, Coffee Vermouth, Tobacco Bitters, Peat

Instructions: Simply pour over ice, spritz with the scotch atomizer bottle and enjoy!

OLD FASHIONED [30, 6oz]

Whisky, Bounce Syrup, Angostura & Peychaud's Bitters

Instructions: Simply pour over ice and enjoy! Side note: For a true Trunk Old Fashioned, express an orange peel over your glass and add two skewered amarena cherries. Cheers!

GT ESPRESSO MARTINI [35, 6oz]

Vodka, Amaro, Espresso, Stout Syrup, Cacao & Vanilla

Instructions: After cooling down in the fridge for at least a few hours (you want it to be cold), shake the bottle vigorously (this helps get that foam at the top you know and love but also it re-integrates all the ingredients more evenly), pour 3oz into your favourite coupe glass and enjoy!

*One takeout bottle contains two full cocktails.
